COMMENT

Position: I have no objection to this variance.

Reason for Position:

The installation of the proposed fire suppression system will provide adequate protection for the second floor tenant space equal to or greater than the two (2) hour horizontal assembly.

Recommended Conditions If Approved:

Sprinkler system design density be increased to .2/1500 Group 2 Hazard as proposed.

Comment on Undue Hardship Claimed:

The stated hardship is reasonable.

Comment on Impact to Public Health, Safety, or Welfare:

The variance is not adverse to the occupants.
