ORDINANCE NO. 2024-31

AN ORDINANCE ESTABLISHING PAY CLASSIFICATIONS, AND SALARY RANGES OF APPOINTED OFFICERS AND EMPLOYEES OF THE CITY OF AUBURN, INDIANA, FOR THE YEAR 2025

SECTION I: PAY CLASSIFICATIONS

Exempt Salary Employees: There are four (4) classifications of exempt salary employees: Executive, Administrative, Professional and Learned Professional. These employees are exempt from the overtime requirements of the Fair Labor Standards Act.

Executive: Those employees who have as their primary duty the management of the city itself or a particular department within the city. Exempt employees regularly direct the work of two or more full-time employees, which may include interviewing, selecting, training, and evaluating, handling complaints, and imposing discipline; planning and assigning work; and determining the techniques to be used.

Administrative: Those employees who have as their primary duty the performance of office or non-manual work directly related to management policy or general city operations; and customarily and regularly have the day-to-day authority to make independent choices from immediate direction of supervision with respect to matters of significance.

Professional: Those employees who have as their primary duty work requiring advanced knowledge of a type required through specialized study; and their work requires the consistent exercise of discretion and judgment.

Learned Professional: Those employees who have as their primary duty work requiring knowledge of an advanced type in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction.

Administrative Non-Exempt Employees: Those employees whose positions are part time or full time administrative, clerical, or support staff in nature and who are paid based on an established per hour basis. These employees are not exempt from the Fair Labor Standards Act and do receive overtime pay at the rate of time and one-half for all hours worked in excess of forty (40) per week.

Hourly Employees: Those employees who are part time or full time and paid based on an established per hour basis. These employees are not exempt from the Fair Labor Standards Act and do receive overtime pay at the rate of time and one-half for all hours worked in excess of forty (40) per week.

Others: Those individuals who are not full-time but are paid a nominal payment. These individuals may include, but are not limited to Volunteer Firefighters, Police Reserves, and Board Members.

The City of Auburn engaged Baker Tilly Human Capital Group to conduct a comprehensive market study and wage analysis, providing general and public safety pay plans and position classification and grade assignments. The public safety structure includes one pay grade per position, and the general structure includes 12 grades. The formal adoption of this pay structure allows all positions to be classified, thus, positions performing work similar in nature and level will be similarly compensated.
