Ink Color	Black
Age Range (Description)	Adult

### About this item

- **Smooth & Long-lasting:** Enjoy a smooth writing experience thanks to the gel ink that glides effortlessly across paper; G2 has been proven to be the longest-lasting gel ink pen so you can write more without having to refill often (Data on File)
- **Comfortable Grip:** A contoured rubber grip provides ergonomic support, making long writing projects easier; Available in ultra-fine, extra-fine, fine and bold point sizes so you can find the perfect pen for your writing style
- **Versatile:** Perfect for everyday writing tasks such as taking notes and jotting down grocery lists; The G2 tip delivers crisp, clean lines ideal for writing, intricate designs, drawing, sketching or doodling
- **Refillable & Quick Drying:** Save money and reduce waste by reusing and refilling your retractable pen with Pilot G2 refills (sold separately); The vibrant, quick drying ink helps prevent smudges and smears
- **Power to the Pen:** Express yourself effortlessly with Pilot's line of innovative writing tools, including gel ink, erasable, rolling ball, ballpoint and fountain pens, & dry erase markers & more

## About this item

- **BACKFLOW PREVENTION:** The Watts Lead-Free Copper Silicon Alloy Double Check Valve Backflow Preventer Assembly is ideal for non-health hazard applications in continuous-pressure piping systems, at cross-connections and for impurities at service line entrances. It is designed to prevent the backflow of polluted water from entering into the potable water supply due to back-siphonage and/or backpressure.
- **COMPREHENSIVE FEATURES:** This assembly is constructed with a highly durable lead-free copper silicon body, ensuring long-lasting performance and compliance with industry standards. It is equipped with NPT connections, quarter turn ball valve shutoffs, top-mounted test cocks, two in-line independent positive seating check modules, and captured springs.
- **FREEZE SENSOR:** Includes a freeze sensor compatible with SentryPlus Alert technology, signaling facility personnel when temperatures near and reach freezing point. An optional freeze sensor connection kit is available to activate a monitoring system for low and freezing temperatures.
- **IN-LINE SERVICEABLE:** Designed for easy maintenance, the assembly features a compact modular design, with top-entry access and a single access cover that facilitates in-line repairs. It also has replaceable check discs and seats.
- **EVERY DROP COUNTS:** Water. It's in our name and close to our hearts. Since 1874, Watts Water Technologies has been delivering innovative technologies that make the world's most precious resource safe and accessible. Everything we design is made to keep the Earth's most precious resource safer, cleaner, and more useful for our customers. Our family of brands offers one of the most varied product lines in the world, with world-class, water-related solutions.
