MAY 19 2016

To Whom **RECEIVED** My Concern,

My name is Amy VanTassel and I purchased a home at 1217 Superior Dr Auburn IN. The driveway that I use to access my property in which I was told when I bought it in 2014 was my property is actually a partial street owned by the city. It is adjacent to my actual property - last year by mistake I was told it was my property and I was about to put up a fence for privacy. I spent over 400 dollars doing so. Also my sons purchased a yellow magnolia tree for mothers day and planted it slightly on this property - I have maintained this property since I have lived here - had paid to have it plowed out in winter - I have also had the holes filled in also. I would like the city to vacate this to me. There are rail road ties that have been there for years it very obvious, this has been used for a parking space for this home and for the 2 car garage behind the house. I would like to cut down the foot traffic that cuts threw here also. Since

over
\$200.00

I have lived here we have had 2
→ bikes stolen and miscellaneous toys
stolen from behind my property - in
which you can only see only from
cutting through partial city street.
This mess has been going on with -
its my property its not mine for almost
2yrs please vacated this to me so I
can put up more privacy fence and
it would be private property and
I can put this to rest. The neighbors
continuously run into my fence mowing also

Thank You for your Time

Sincerely
Amy Van Tassel
