Board Members,

The Auburn Department of Water Pollution Control seeks approval to declare a 2011 Dodge RAM Pickup Truck as surplus to use as a trade-in for replacement. We've obtained two price quotes (attached), one from Ben Davis Ford in the amount of \$37,950.00, and one from Ben Davis Chevrolet in the amount of \$38,000.00, both after an \$11,000.00 trade-in value for the 2011 Dodge RAM. We respectfully request approval to purchase the 2025 Ford F-Series. The Water Pollution Control Dept has made provisions for vehicle replacement in our annual budgeting process.

Should you have any questions, or require further information, please contact me at (260) 925-1714.

Respectfully Submitted,
